

# ANNUAL REPORT 2018

Thank you for your continued support!

**OUR MISSION** The June Bug Center for Arts and Education is committed to serving Floyd County's youth and its community through affordable and accessible programs by establishing quality performing arts, STEAM, and enrichment opportunities.

## A YEAR AT A GLANCE

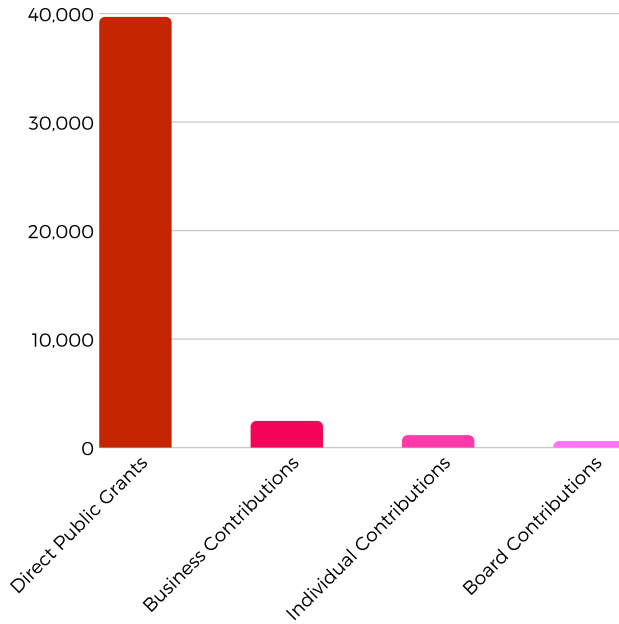

For the school year of 2018-2019, The June Bug Center for Arts & Education (JBC) has given over \$14,000 each semester for scholarships in our afterschool programs. For the Fall 2018 semester, 135 kids were enrolled, 71 students were on the free scholarship plan, and 33 students were on the reduced scholarship plan. For the Spring 2019 semester, 130 students were enrolled in our programs, 60 qualified for a free scholarship, and 37 qualified for a reduced scholarship. In the 2018-2019 school year, 77% of students could not attend our program unless they were given a free or reduced scholarship.

The tuition for our programs is on a sliding scale based on household income. We usually go by the public schools plan if families qualify for the free or reduced lunches. Our full tuition for one 12-week program, once a week from 3 to 5:30 p.m. is worth \$180. Our reduced tuition gives a 50% discount, which is \$90 per program.

We have been lucky enough to add on three additional programs to our afterschool instruction. We now have two programs specifically for teens (Teen Yoga and Musical Theatre for Teens), and Computer Camp to expand our STEAM mission.

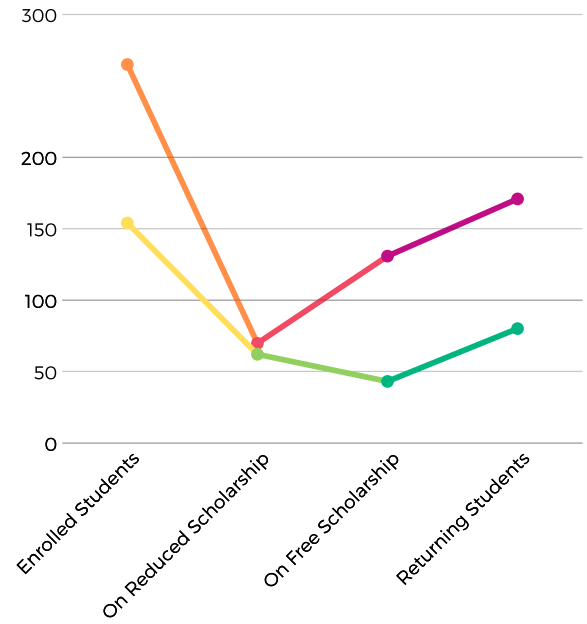

# Statement of Activity in Afterschool Programs

## Income in Giving:

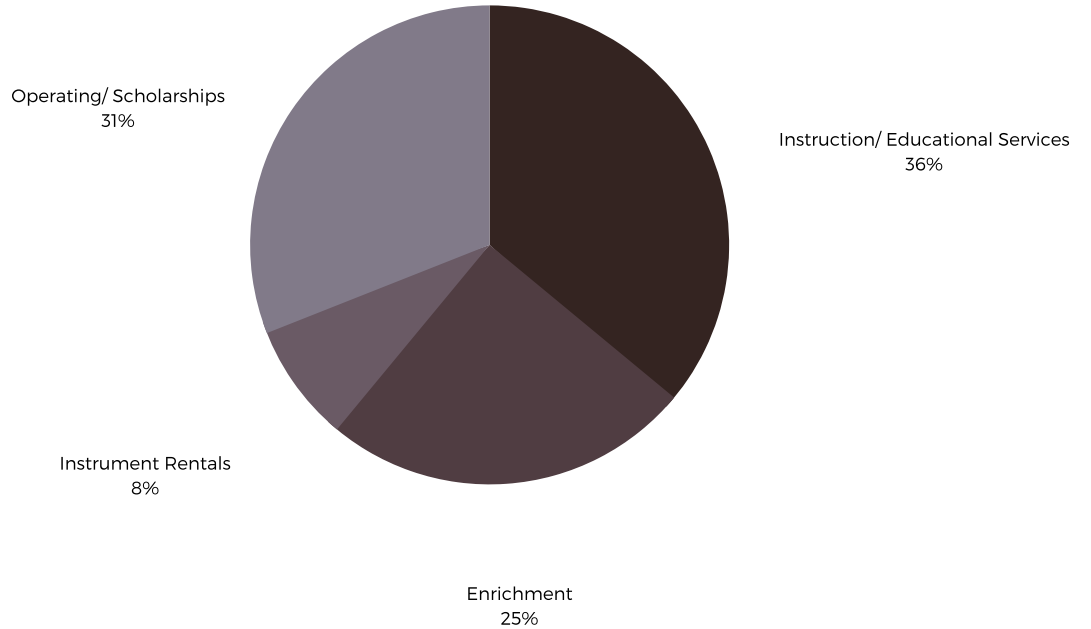

## Enrollment Comparison:

Orange is 2018-2019 School Year  
Yellow is 2017-2018 School Year

## Expenses:

# Contributions:

These donors strongly support the mission of the JBC and have made a lasting impact in our Afterschool programming!
